### Aim for Perfection

National Compressed Air Rifle and Pistol

#### National Compressed Air Rifle and Pistol

- Latest technology in match guns brought to you by National Air Rifles.
- Developed after years of dedicated research to promote target shooting and to enter an exciting world of national and international sport.
- These are the first compressed air Rifles and Pistols to be manufactured in india.
- Completely indigenously manufactured with no reliance on imported parts.
- Uses a unique self regulating valve which eliminates the regulator mechanism leading to a highly simplified and reliable design.
- Manufactured as per stringent IS specifications for precise and accurate shooting and yet is moderately priced.
- Very low cocking effort.
- Match grade triggers, highly adjustable ,as good as the best in the world.
- Adjustable match stocks.
- These guns are set out to win glory and friends and to establish an enviable record in the world of target shooting.
- World Class capability at 1/4<sup>th</sup> of the price.
